Dr. Rebecca Culver-Turner
Marriage and Family Therapy Program
Friends University - Wichita (MS)

Dear Dr. Culver-Turner:

The Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE), at its October 18-19, 2019 meeting, reviewed the Response to Stipulations submitted by the Marriage and Family Therapy (MS) program at Friends University - Wichita.

The Commission voted to accept the program's **Response to Stipulations** and to **remove** the following Stipulations:

Key Element V-B

The program is accredited with no stipulations for the cycle of November 1, 2018 - November 1, 2025.

The Commission's review of the program materials is below:

Key Element V-B: Demonstrated Achievement of Program Goals

The program describes how data was analyzed and provides aggregated data that demonstrates achievement of each program goal via data from measured Student Learning Outcomes, based on targets and benchmarks provided in the program's outcome-based education framework—data from Student Learning Outcomes demonstrate that the program is meeting program goals.

Commission's Response:

The program meets the requirements of this Key Element. The Stipulation is removed. For the future, the program is encouraged not to use data from a given cohort in calculating a benchmark that will subsequently be used in assessing whether that specific cohort has met the established benchmark.

The following document must be submitted in the required format by the noted deadline:

Document	Submission Deadline
